■ CaLabo MX setup on macOS (screen recording settings)

If screen recording is not configured for macOS, "Model" functions, etc., may not function properly.

1) Select "System Settings

2) Select "Privacy and Security" in System Settings.

3) Select "Screen Recording" from the list of privacy and security settings.

4) Check "Google Chrome" or "Microsoft Edge" to allow recording of content

%Please change the settings of your browser to use CaLabo MX.

% If you have installed CaLabo Agent, please allow "CaLabo Agent" as well.

■ CaLabo MX setup on mac OS (Sound settings)

If the audio settings of the browser using CaLabo MX are not configured, audio may not be delivered automatically by the "Model" function, etc. When using CaLabo MX on mac OS, please check the following settings in your browser in advance.

[For Google Chrome]

1) Select "Settings" from " • " in the upper right corner of the Chrome screen.

2) Select "Privacy and Security".

3) Select "Site settings".

Privac	y and security	
Ĩ	Clear browsing data Clear history, cookies, cache, and more	•
\circledast	Privacy Guide Review key privacy and security controls	
۵	Third-party cookies Third-party cookies are allowed	
G	Ad privacy Customize the info used by sites to show you ads	•
0	Security Safe Browsing (protection from dangerous sites) and other security settings	
	Site settings Controls what information sites can use and show (location, camera, pop-ups, and more)	•

4) Scroll to the bottom of the screen and select "Additional content settings" > "Sound".

Ø	Pop-ups and redirects Don't allow sites to send pop-ups or use redirects
Addit	tional content settings
