What You Can Do with the "My Sophia" App

Schedule

It is linked to Loyola and shows the timetable you are taking for the week. When a class is cancelled, made up, or changed to a different classroom, it will be marked with a badge.

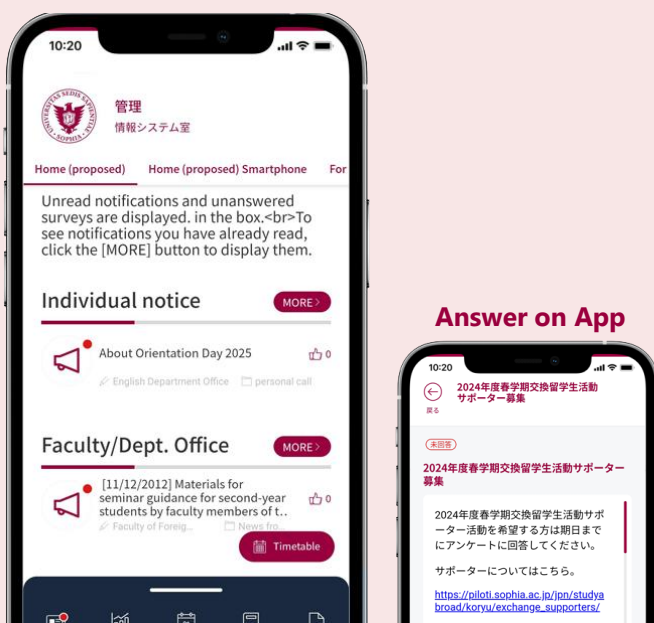

Announcements

 Push notifications for important notices

Various notices from the university will be displayed, and you can check the details by tapping on them. Notices are delivered via push notification! You no longer have to worry about missing important information.

Questionnaire

Answer on App

Students will be able to respond to questionnaires from the university and apply for participation in various events. *University class surveys will continue to be conducted at Loyola.

Campus Map

 Various Information to be Published

- AED Locations
- Cafeteria
- Classrooms
- Office
- Certificate Issuing Machine
- Library

The campus map provides information on campus facilities such as AED locations and the cafeteria. Maps can also be viewed for each floor of each building.

Also Available on Web Browsers

Screen Image on Web Browser

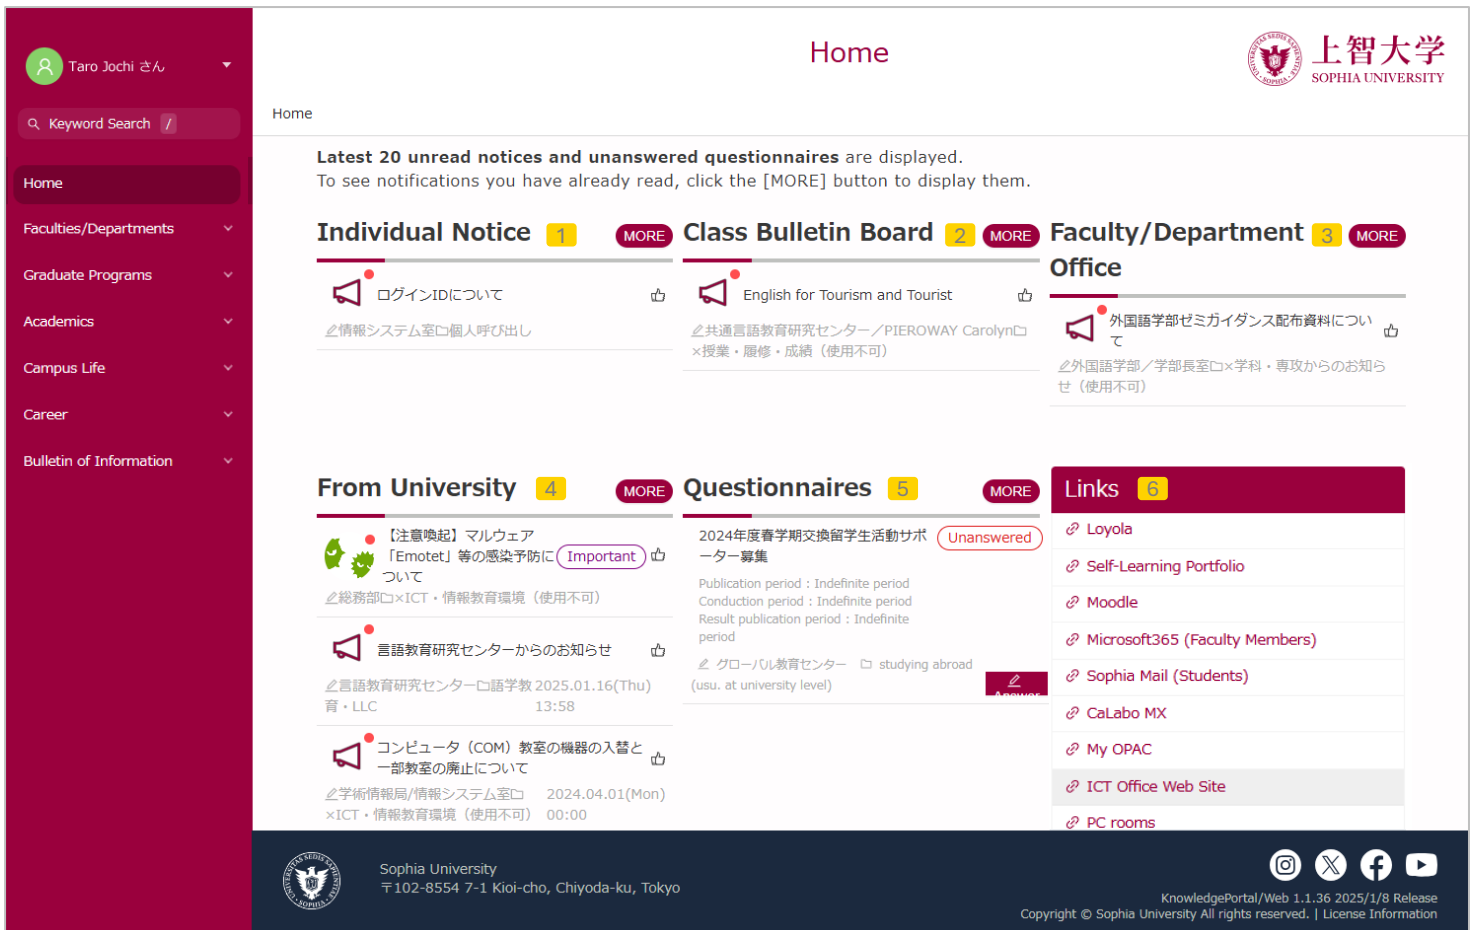

Menu

Menu for accessing various pages in My Sophia. Each department and faculty of the university has its own page, which provides useful information for student life and accepts various applications.

Widget

The area where each piece of information is displayed, such as announcements and surveys, is called a widget. The type of widget varies from page to page, and widgets are arranged according to the purpose of the page.

Individual Notice 1

Individual Notice are displayed.

Class Bulletin Board 2

Notices about the classes you are taking will be displayed.

Faculty/Department Office 3

Notices from Faculty and Department Office will be displayed.

From University 4
