Japan Knowledge Lib

Overview

JapanKnowledge is an online database that helps you quickly find information from a wide range of reference sources. It includes about 80 types of content, such as encyclopedias, language dictionaries (Japanese, English, and others), historical and scientific references, as well as resources on literature, religion, and current affairs. It also offers a large collection of classical literary works. This database is useful for research, writing papers, and academic studies.

Steps

① Access the service (SP) provided through the GakuNin Academic Access Federation.
